Amundson Peterson, Inc. has been hosting online equipment auctions since April 2006. The online format differs from live auctions in that there is no live auctioneer calling the sale. Our online sales have been running for five days on pre-determined dates. The listings will usually start ending around 7:00 pm on the fifth day. The equipment that we list on our sales have a starting bid with no reserve or a buy it now price with an option to make an offer. It depends on the equipment as to what format it will have. All of the equipment is our own unless otherwise stated. We list many pictures with each item. We try to give the best descriptions possible. We also recommend that you give us a call if are interested in an item we have for sale. We have had great success with our online auctions. We know what wholesale prices are and try to list our equipment accordingly.

To register all you have to do in visit our auction website: **www.apiauctions.com** and on the top left of the page there is a register link to click.

The sale bill is posted on **www.amundsonpeterson.com** usually 10 days before the sale starts.

Pictures can be found in the used equipment section of **www.amundsonpeterson.com** prior to the sale.

We will not place bids on anyone's behalf.

If there are any questions with registering or bidding please call.
