

John Deere Home and Workshop Products

Now your customers can save energy and money when they purchase a John Deere Corn or Wood Pellet Stove!

The IRS is offering up to a **\$1500 tax credit on the following qualified product:**

HR-CS001 & HR-CS002 Corn Stoves
HR-WPS01 & HR-WPS02 Wood Pellet Stoves

This tax credit is a result of the
American Recovery and Reinvestment Act of 2009.

Here is what your customers need to know to receive credit:

- 30% tax credit* up to \$1,500 total amount over a two year period (2009 & 2010)
- Installation is covered as long as it is required for proper and safe operation of the stove
- This credit applies only to existing principal residences
- New homes and vacation homes do not qualify
- Purchases made since January 1, 2009 are covered if the manufacturer offers a certification statement for the product
- To receive credit, you must have a signed manufacturer's certificate that specifically states the stove models listed above qualify for the "Qualified Energy Property" tax credit. Retain this certificate as part of your tax records along with exact records of purchase.
- This certificate is available to customers at www.deere.com/homeandworkshop.

*The 30% tax credit (up to \$1,500) is not an instant rebate or product discount. It is a tax credit provided by the IRS as part of the 2009 American Recovery and Reinvestment Act and is applicable when filing personal income taxes for the 2009 and/or 2010 tax years. Please consult with a tax advisor or the Internal Revenue Code for more information.
